IPM statement

It is the goal of Los Gatos-Saratoga Union High School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: (Example: Focus on long-term pest prevention)

Ensure our district staff is following proper procedures when applying any type of pesticides, herbicides, and chemicals. Utilize the least hazardous management methods that are effective and economically viable. Comply with California Department of Public Health.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Casino Fajardo; Director of Facilities, Maintenance, and Operations	IPM Coordinator
Paul Weir	Plant Supervisor
Daniel Herrera	Plant Supervisor
Groundskeepers (4)	Applicators
Maintenance Workers (5)	Applicators

Pest management contracting

√	Pest management services are contracted to a licensed pest control business.
	Pest Control Business name(s): Thrasher Termite & Pest Control
7	Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.
Pe	st identification, monitoring and inspection
Рe	st Identification is done by: Distrct staff and Pest Control Companies
	(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by

 $_{\blacksquare}$ and results are communicated to the IPM Coordinator. District Staff

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

Visual inspections by District staff at each site. Work orders entered with locations, etc. should the site have any issues which they need to have addressed.

Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Mice	V		/			V		Contact pest control company
Cockroaches	/		V			V		Contact pest control company
Skunks				V	V	V		Contact pest control company
Ants	V	V	~			V	7	Quarterly service with pest control company
Wasps & Bees	V				V	V		Contact pest control company
Ground Squirrels & Gophers	V			V				

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This child care center expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Mirimichi green pro weed control, weedrot, dimension, avenger, surflan, turflon, fertilizer 22-5-10, gopher getter

Healthy Schools Act

This child care center complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act.(Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training
